

## OYAK Mining Metallurgy Group in “Turkey’s Top 500 Industrial Enterprises” Survey

OYAK Mining Metallurgy Group, which closed the past year with a high performance and is one of the private institutions that create the highest employment in Turkey, was included in the 2019 “Turkey’s Top 500 Industrial Enterprises” survey of Istanbul Chamber of Commerce (ISO) with four companies, two of which made it to the top 10.

The rankings of 2019 were based on the companies’ sales of their own products, and OYAK Mining Metallurgy Group companies, **İsdemir** and **Erdemir** ranked **8th** and **10th** with sales figures of 16.3 billion TL and 14.1 billion TL, respectively.

Providing its services from four different intensely industrial regions including Gebze, Ereğli, İskenderun and Manisa, **Erdemir Çelik Servis Merkezi** (Ersem) reaching the **69th** place with a sales figure of 2.7 billion TL.

**Erdemir Maden** (Ermaden), another Group company which has mine sites in Sivas and Malatya, ranked **168th** with a sales figure of 1.3 billion TL in the same survey. Ermaden had ranked 247th in the 2018 survey.

With these results, OYAK Mining Metallurgy Group achieved a sales figure of more than 34.5 billion TL with its companies which were included in the 2019 “Turkey’s Top 500 Industrial Enterprises” survey.
